

## Help us welcome our new associate!

We are proud to introduce the latest addition to the CAH family! Please help us welcome:

### Dr. Rebecca DeSimone

Dr. Rebecca DeSimone is a graduate of the *University of Illinois College of Veterinary Medicine*. During her veterinary studies, she worked with a student outreach program teaching children about different aspects of veterinary medicine. Her dog Pebbles was her star volunteer!

Dr. DeSimone's professional interests include preventive care, dental care and nutrition. "Preventive care is an important series of steps in a happy and healthy life. Proper nutrition represents one way in which we affect the health of our pets every day. I look forward to promoting the virtues of preventive care and good nutrition with our clients." She is looking forward to continuing her student outreach and getting involved in our community.

In her spare time Dr. DeSimone enjoys many outdoor activities such as kayaking, hiking, playing tennis and finding places for her dog to swim, "one of her favorite activities." Doesn't that sound like a great fit for Northern Michigan!

Please help us welcome Dr. DeSimone. You can stop by or call and make a "Meet & Greet" appointment...and of course, we will be happy to give you a tour of our hospital while you are here. **Call 231-935-1511 for your Appointment Today!!**
